

# Press Release

## Around the Globe and on the Street.com

**April 2, 2003:** In its Executive Watch Email News Blast on April 2, 2003, GlobeSt.com's President & CEO, Jonathan A. Schein, published an excerpt from ***Business, Profits and Strategy***, the online publication from Real Estate Strategies Corporation. GlobeSt.com, one of the commercial real estate industry's most important online publications, printed portions of an article which originally appeared in the April 1, 2003 edition of ***Business, Profits and Strategy***.

The article, entitled Secure Employees = Profitable Companies, was written by Charles Otis Logan, President & CEO of The Aztec Corporation, and edited by Janine R. Zezas, Editor of ***Business, Profits and Strategy***. Andrew B. Zezas, President of Real Estate Strategies Corporation, and Publisher of the online business publication stated "This is very exciting for our company, our publication, our readers, and for Mr. Logan. Globest.com is a very well respected online publication, and one on which the commercial real estate industry relies heavily for superior quality insight and timely market news. For GlobeSt.com to think highly enough of Business, Profits and Strategy to publish one of our articles is a huge compliment to us and to Chip Logan, and an acknowledgement of the caliber of professionals at Real Estate Strategies Corporation, and those with whom we associate."

The Aztec Corporation is a full service architectural firm located in Iselin, New Jersey.

Real Estate Strategies Corporation provides creative strategic real estate planning and transaction implementation solutions to public and private companies, and not-for-profit organizations that require people, logistics or technology space in New Jersey and around the country.

Mr. Zezas is publisher of ***Business, Profits and Strategy***, an online monthly business publication read by over 12,000 corporate and entrepreneurial executives.

Real Estate Strategies Corporation provides creative real estate solutions, profit-enhancing business services, and intelligent decision-making tools to public and private corporations and not-for-profit organizations that require a dynamic, flexible and project specific approach to resolving their real estate issues quickly and professionally.
